

Moving and Packing Checklist

At least one month before your move:

- Schedule a free in-home moving estimate.

One month before your move:

- Reserve your move date.

If you are doing your own packing, and you have not already done so, schedule delivery of your boxes and packing materials.

- Begin organizing and packing.

Your attic, basement, and garage are wonderful places to start. Make sure that all box seams are sealed securely with packing tape to ensure safe handling.

Fill in empty spaces with paper to prevent shifting in transit. Label each box with a description of the contents and the room to which the contents belong.

One to two weeks prior to your move:

- Mail change of address forms
- Finish most packing.

The day before your move:

- Set aside items that you will need for the final cleanup.
- Clean refrigerator, disconnect water line, and allow to dry.
- Finish up any last minute packing. If you have arranged for us to pack, set aside items you will need until everything is unpacked.

The morning of the move:

- Strip all beds.
- Secure pets.
- Make sure driveway is free of obstructions.
